

CONCRETE MORTAR TRAILER **CMT SERIES TRAILERS**

1,5m³ Concrete Making Mixer Trailer!

For those who need concrete at-site & on-time!

▪ **Overall:**

- Developed for mixture of cement, aggregate, additive and water to produce concrete at site,
- All-in trailer mounted unit to be towed by pickup / SUV or agricultural tractor
- Tilting aggregate bunker
- Water tank
- Diesel Engine
- Light structure
- Easy operation

▪ **Concrete Mixer Body:**

- Capacity : 1,50 m³
- Drum Volume : 3.000 liters
- Mixture Volume : 2.500 liters
- Drum Diameter : 1.350 mm,
- Drum Speed : 24 rpm,
- Drum Thickness : 4mm
- Water Tank : 500 liter,
- Hopper : 1000 lt
- Running System : Air-coolant
Diesel Engine – Antor, 12 HP, 4 cylinder,
electric starter, 5,5lt fuel tank,
- Controller : Manual, located at side

▪ **TRAILER Technical Specifications**

- Size : Length 5.500mm x Width 2.000mm x Height 2.550mm
- Chassis : Heavy duty metal arc welded as "I" crossing from high resistant ST52 steel
- Axles : 1 x 6 tons, spring type, trailer axle
- Tires & Rims : 2+1 Pieces, 900-16
- Lunette Eye : Suitable for EEC norms for pick-up, car, SUV towing
- Electric : As per EEC 24 Certified EU norms.
- Battery : 12V 70A
- Painting : Water and chemical prepared, epoxy interlining before 2 lays acrylic main paint.

▪ **ACCESSORIES:**

- Fire extinguisher cabinet
- Preserving cabinet and tool Box
- Mudguards

▪ **OPTIONAL:**

- Gasoline / benzine engine
- Double axle with drum brake
- Hi-pressure mobile water-pump
